

robot's sensors

```
graph TD; A[robot's sensors] --> B[reasoning]; B --> C[M_R[R]]
```

A vertical flowchart with three rectangular boxes. The top box contains the text 'robot's sensors'. A downward-pointing arrow connects it to a middle box containing the text 'reasoning'. Another downward-pointing arrow connects the middle box to a bottom box containing the text $M_R[R]$.

reasoning

$M_R[R]$
